# Welcome

to the  
19th Annual Cedardale Charolais Bull Sale

Fellow Cattle Enthusiasts,

The Nesbitt family takes great pride in welcoming you to Cedardale Farms on April 16th. This sale will be our 19th consecutive bull sale. We are extremely proud to be one of Ontario's largest registered Charolais cow operations as well as one of the longest running Charolais bull sales in Ontario.

The opportunity to work closely with our commercial cow-calf customer gives us insight into the kind of cattle that are functional and profitable in the real world. Our customers' calves continue to top feeder and finished cattle markets week in and week out. We are very proud of your hard work and dedication; congratulations!

Once again, this year's sale will be conducted online with the help of DV auctions. The COVID situation we have been facing forced us to get creative very quickly just ahead of our 2019 sale and move forward with our first online only sale.

We have been pleasantly surprised with how quickly our customers and ourselves adapted to this high tech, more convenient, lower stress (for both you and the bulls!) method of conducting a bull sale. There will be an insert in this catalogue that will provide more information on this format for the sale. If you have any questions, please feel free to contact us. We will do our best to walk you through the process. The bulls are available for viewing ahead of time at the farm, we encourage you to come and view the bulls when it is convenient for you. Just call ahead and we would be glad to show you through them. If anyone is uncomfortable with this sale format let us know and we will make any arrangements for you to bid on the bulls in a professional and confidential manner.

The bulls on offer in our annual bull sale are backed by a cow herd that has been and continues to be a work in progress for over thirty years and we are very proud of it.

The Charolais and Charolais cross feeder calf continues to be the most sought-after feeder calf at the market and for a very good reason. Cattle feeders enjoy more profitability feeding Charolais calves. The reality is "identifiable" and "high quality" Charolais calves are in high demand. Ensure the Charolais bulls you select are not "just" Charolais bulls but high quality bulls from a breeding program whose goals align with your own.

FARM BOY  PRODUCTIONS

We think that you will be very impressed with the quality and consistency in our bull pen this year. You will notice that there are a lot of half and three-quarter brothers that exemplify the traits our customers have told us are important to the success of their cattle operations. Polled, vigorous, calving ease bulls with a lot of muscle and performance are all traits that we put considerable emphasis on. There are many bulls suitable for first calf heifers, in our opinion, as well as a very strong offering of high performance bulls that will calve easy and provide that extra pay weight at weaning.

The bulls were videoed in mid March. We encourage you to have a look at our website; [www.cedardalefarms.ca](http://www.cedardalefarms.ca), to view the videos of the bulls. This offers you a more in-depth and dynamic opportunity to view the sale offering. There will also be a direct link through the Charolais Banner website; [www.charolaisbanner.com](http://www.charolaisbanner.com), and DV Auctions [www.dvauctions.com](http://www.dvauctions.com). If you have any trouble finding the videos at any of these websites please contact us for assistance.

We appreciate each and every one of you, our fellow cattlemen, and we will continue to work hard to earn your trust, respect, and future business with good cattle and good service.

Please consider this sale offering with confidence, knowing that the Nesbitt family stands ready to be of assistance before the sale and, more importantly, after the sale. We value the many friendships that have resulted from our involvement in the beef industry and we look forward to the opportunity to expand those through this event.

The  
*Nesbitt*  
Family
