18th
Annual
BULL SALE

Saturday, April 17th, 2021
1 pm EST
Nestleton, Ontario

Welcome

to the 18th Annual Cedardale Charolais Bull Sale

Fellow Cattle Enthusiasts,

The Nesbitt family takes great pride in welcoming you to Cedardale Farms on April 18th. This sale will be our 18th consecutive bull sale. We are extremely proud to be one of Ontario's largest registered Charolais cow operations as well as one of the longest running Charolais bull sales in Ontario. The opportunity to work closely with our commercial cow-calf customer gives us insight into the kind of cattle that are functional and profitable in the real world. Our customers' calves continue to top feeder and finished cattle markets week in and week out. We are very proud of your hard work and dedication; congratulations!

With the quick change to an online format of our sale last year, COVID 19 has broadened our comfort zones and the acceptance of technology. We sincerely thank each and every buyer and bidder in our 2020 sale. Although 2020 turned into a year like no other, it allowed us to step back and refocus. Spending more time as a family around the farm, getting the kids involved with more of the day to day operation of the farm reminds us how fortunate we are to be able to have agriculture as an avenue to keep our minds and bodies busy and safe at home during the uncertainty of the past 12 months. Around the farm, the majority of the winter born calves are on the ground here with great success to date and beautiful weather to calve in. Hopefully everything is off to a good start at your farms this year and mother nature allows for green pastures and lots of feed put up.

The bulls on offer in our annual bull sale are backed by a cow herd that has been and continues to be a work in progress for over twenty-five years and we are very proud of it. The Charolais and Charolais cross feeder calf continues to be the most sought-after feeder calf at the market and for a very good reason. Cattle feeders enjoy more profitability feeding Charolais calves. The reality is "identifiable" and "high quality" Charolais calves command up to and beyond \$20/cwt more than other calves at the market.

Ensure the Charolais bulls you select are not "just" Charolais bulls but high quality bulls from a breeding program whose goals align with your own. We think that you will be very impressed with the quality and consistency in our bull pen. You will notice that there are a lot of half and three-quarter brothers that exemplify the traits our customers have told us are important to the success of their cattle operations. Polled, vigorous, calving ease bulls with a lot of muscle and performance are all traits that we put considerable emphasis on. There are many bulls suitable for first calf heifers, in our opinion, as well as a very strong offering of high performance bulls that will calve easy and provide that extra pound weight at weaning.

New this year we will be working with the good folks at DV Auctions to handle the online function of the sale. There will be an insert in this catalogue that will provide more information on this new format for the sale. If you have any questions, please feel free to contact us.
